

IMPORTANT ADJUSTABLE RATE MORTGAGE LOAN INFORMATION

PLEASE READ CAREFULLY

Vista Point Mortgage Test. NMLS ID:3

This Disclosure does not represent a commitment by Creditor to make a loan to you. The specific terms of your prospective loan will be contained in your Note, Security Instrument and Federal Disclosures. Please read them carefully before you sign them.

Borrower(s): Alice Firstimer

This disclosure describes the features of the adjustable-rate mortgage (ARM) program you are considering. Information on other ARM programs is available upon request.

How Your Interest Rate and Payment is Determined

Your interest rate will be based on an index plus a margin, and your payment will be based on the interest rate, loan balance and remaining loan term. Please ask us for our current interest rates and margins.

The "Index" is

The most recent index figure available before the adjustment date occurs will be used to determine your new interest rate. If the index used for future adjustments is no longer available, the Lender will choose a new index (and possibly margin).

Your initial interest rate is not based on the index used to make later adjustments. If the initial interest rate is below the sum of the then-current index plus margin (the "fully indexed rate"), then the initial interest rate will be a "discounted" interest rate. If the initial interest rate is above the fully indexed rate, then it will be a "premium" interest rate. Please ask us for the amount of our current interest rate discounts and premiums.

☒ The initial interest rate on your loan will be a discounted interest rate.

☐ The initial interest rate on your loan will be a premium interest rate.

Your payment will be based on the interest rate, loan balance, and remaining loan term.

How Your Interest Rate Can Change

Your interest rate can change after **60** month(s) and every month(s) thereafter.

Your interest rate will equal the index rate plus the margin, rounded to the nearest **0.000 %**.

Your interest rate will equal the index rate plus the margin unless your interest rate "caps" limit the amount of change in the interest rate.

Your interest rate cannot increase or decrease more than **0.000** percentage points(s) at each adjustment.

Your interest rate cannot increase or decrease more than **0.000** percentage point(s) over the term of the loan.

On the first adjustment, your interest rate will not increase or decrease by more than **0.000 %**. On each subsequent adjustment, your interest rate will not increase or decrease by more than **0.000 %**.

Your interest rate will not increase by more than **0.000 %** over the term of the loan. Your interest rate will never be greater than **3.250 %** or less than **1.000 %** over the term of the loan.

How Your Payment Can Change**Your payment can change every 0 years based on changes in the interest rate.**

Each time the interest rate changes your monthly payment can increase or decrease substantially based on the changes in the interest rate.

Your monthly payment can change after **60** month(s) and every month(s) thereafter.

You will pay the amount of your new monthly payment beginning on the first monthly payment date after the interest rate changes until the amount of your monthly payment changes again.

You will be notified in writing at least 210 days, but not more than 240 days, before the first payment at the adjusted level is due after the initial interest rate adjustment of the loan. In addition, you will be notified at least 60 days, but not more than 120 days, before the first payment at the adjusted level is due after any interest rate adjustment resulting in a corresponding payment change. These notices will contain information about your adjustment and interest rates, payment amount, and loan balance.

Interest Rate and Payment Change Example

For example, on a \$10,000 **30** year loan with an initial interest rate of **3.250 %** (in effect in **August, 2025**) the maximum amount the interest rate can rise under this program is **0.000** percentage points to **3.250 %** and the monthly payment can rise from an initial payment of **\$43.52** to a maximum of **\$43.52** in the **1st** month.

To see what your payments would be, divide your mortgage amount by \$10,000, then multiply the monthly payment by that amount. For example, the monthly payment for a mortgage amount of \$60,000, using the initial interest rate shown above would be: $\$60,000 \div \$10,000 = 6$; $6 \times \$43.52 = \261.12 per month.

Demand Feature: This ARM Loan ☐ does ☒ does not have a Demand Feature.

Conversion Feature: The Adjustable Rate Mortgage Program you are considering has an option to convert to a fixed interest rate, "Conversion Option." If you exercise your Conversion Option, your interest rate may be increased from the current Adjustable Interest Rate that you have been paying. In addition, you may have to meet certain conditions in order to exercise your conversion option. You may be eligible to exercise the "Conversion Option" during **the** **through** **the** **change date.** (This information is representative of conversion features recently offered by Lender.) The following fees may be charged if you exercise your "Conversion Option": Conversion Option Fee or **0.000 %**. If you exercise the "Conversion Option" the fixed rate will be based upon an index plus a margin.

I/We hereby acknowledge receiving and reading a copy of this disclosure and the booklet entitled "Consumer Handbook on Adjustable Rate Mortgages."

For Borrower Selecting the Unmarried Status

Lenders Instructions for Using the Unmarried Addendum

The Lender may use the Unmarried Addendum only when a Borrower selected “Unmarried” in Section 1 and the information collected is necessary to determine how State property laws directly or indirectly affecting creditworthiness apply, including ensuring clear title.

For example, the Lender may use the Unmarried Addendum when the Borrower resides in a State that recognizes civil unions, domestic partnerships, or registered reciprocal beneficiary relationships or when the property is located in such a State. “State” means any state, the District of Columbia, the Commonwealth of Puerto Rico, or any territory or possession of the United States.

If you selected “Unmarried” in Section 1, is there a person who is not your legal spouse but who currently has real property rights similar to those of a legal spouse? ☐ NO ☐ YES

If YES, indicate the type of relationship and the State in which the relationship was formed. For example, indicate if you are in a civil union, domestic partnership, registered reciprocal beneficiary relationship, or other relationship recognized by the State in which you currently reside or where the property is located.

Settlement cost booklet

Consumer Financial
Protection Bureau

January 2014

This booklet was initially prepared by the U.S. Department of Housing and Urban Development. The Consumer Financial Protection Bureau (CFPB) has made technical updates to the booklet to reflect new mortgage rules under Title XIV of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act). A larger update of this booklet is planned in the future to reflect the integrated mortgage disclosures under the Truth in Lending Act and the Real Estate Settlement Procedures Act and other changes under the Dodd-Frank Act, and to align with other CFPB resources and tools for consumers as part of the CFPB's broader mission to educate consumers. Consumers are encouraged to visit the CFPB's website at consumerfinance.gov/owning-a-home to access interactive tools and resources for mortgage shoppers, which are expected to be available beginning in 2014.

1. Introduction

The Real Estate Settlement Procedures Act (RESPA) requires lenders and mortgage brokers to give you this booklet within three days of applying for a mortgage loan. RESPA is a federal law that helps protect consumers from unfair practices by settlement service providers during the home buying and loan process.

Buying a home is an important financial decision that should be considered carefully. This booklet will help you become familiar with the various stages of the home-buying process, including deciding whether you are ready to buy a home, and providing factors to consider in determining how much you can afford to spend. You will learn about the sales agreement, how to use a Good Faith Estimate to shop for the best loan for you, required settlement services to close your loan, and the HUD-1 Settlement Statement that you will receive at closing.

This booklet will help you become familiar with how interest rates, points, balloon payments, and prepayment penalties can affect your monthly mortgage payments. In addition, there is important information about your loan after settlement, including how to resolve loan-servicing problems with your lender, and steps you can take to avoid foreclosure. After you have purchased your home, this booklet will help you identify issues to consider before getting a home equity loan or refinancing your mortgage. Finally, if you have any questions after reading this booklet or are having a problem in the home-buying process or with your mortgage, you can contact the Consumer Financial Protection Bureau (CFPB). See the More information and Contact information appendices for contact information for the CFPB and other federal agencies, and information about the CFPB's complaint process. The appendices also include a glossary of defined terms.

Using this booklet as your guide will help you avoid the pitfalls and help you achieve the joys of home ownership.

2. Before you buy

2.1 Are you ready to be a homeowner?

A home may be the most expensive purchase you will ever make. Before you make a commitment, make sure you are ready. Avoid the pressure to buy a home you cannot afford. Here are some things to consider:

- Are you ready to be a homeowner? It is critical that you consider whether you have saved enough money to make a down payment in addition to being able to pay your other debts. You must have job stability and a steady income.
- How long do you plan on living in your home? Real estate is not always an investment that grows in value. No one can predict what will happen with your local housing market. If you plan to sell your home in the next few years, realize that the property may not increase substantially in value or may actually lose value. You may ultimately owe more to pay off your mortgage than your home will be worth.
- What is your estimated monthly payment for the home? In addition to the monthly payment for principal and interest, you will have to pay for taxes and insurance and possibly homeowner association dues. If your down payment is less than 20 percent, your lender may require that you pay the added expense for mortgage insurance.
- What are the other costs of owning a home? Be realistic about the costs of owning a home like heating and cooling and other utilities. You will generally need to budget for repairs and routine maintenance of your home, especially if you buy an older home.
- What can you afford? Be confident that you can make the monthly payments. Have a financial plan and make a budget. Do you have a steady source of reliable income to pay your mortgage should your interest rate or the cost of taxes and insurance increase in the future? Consider how many long-term debts you have such as car or student loans, as well as credit card bills.
